SUBJECT: Notice of Specification/Examination for the Electroencephalographic Technician Series

DATE: May 20, 2013

Consistent with our transition to electronic testing options, the State Universities Civil Service System (System Office) is proposing a revision to the classification plan. In this instance, our primary objective is to update the Electroencephalographic Technician series class and examination from supplemental information to a credential assessment, which can be easily delivered in an electronic format. This conversion should prove to be more efficient and effective in addressing the applicant recruitment and employment components in this occupational area.

Confidential examination materials will be distributed later to meeting participants.

Current Classes

Electroencephalographic Technician I
Electroencephalographic Technician II
Electroencephalographic Technician III

Proposed Classes

Electroencephalographic Technician
Electroencephalographic Specialist
Electroencephalographic Supervisor

This proposal will be formally reviewed at a meeting on **May 30, 2013 at 10:00 a.m.** You are invited to attend the meeting at the System Office or by videoconference. We ask each employer utilizing these classifications to please participate in this process. Due to the minor revisions to the class specification and examination, we do not anticipate a lengthy meeting. Videoconference exam materials will be sent prior to the meeting. For onsite participation, examination information will be distributed upon arrival to the System Office. ***If you plan to utilize videoconference for your participation, please indicate your IP address.***

Please share this information as required, but keep in mind that the purpose of this meeting is to simply change the delivery format of the examination from an applicant-rated paper format to an employer-rated electronic test. Contact Torre Walls at (217) 278-3150, Ext. 230, or by email at torrew@sucss.illinois.gov if you need any additional information or clarification.
